### Elkay® Announces Two New Key Management Positions

Elkay Manufacturing Company announced the promotion of Leslie Clark to vice president of business excellence. In addition, Elkay Plumbing Product Division (PPD) named Rich Dickson the new managing director of international sales. In this newly created role, Clark

*Leslie Clark*

will be responsible for leading Elkay's business practice review and standardization for the PPD, Corporate and Cabinet Divisions. Clark will examine Elkay's processes across key areas of

business operations and identify ways to increase the effectiveness and productivity in each area. Clark joined Elkay in January 2006. Clark holds a Bachelor of Science in Industrial Engineering Technology from Purdue University and received her Lean Certification from the University of Michigan. In Dickson's new position, he will leverage his global business relationships to identify and implement growth opportunities for

Elkay's PPD. Dickson will continue to build Elkay's international sales team and act as a liaison between existing and prospective global customers and Elkay's manufacturing facilities throughout the world.

*Rich Dickson*

Throughout Dickson's 18 year career at Elkay, he has served in diverse positions with increasing responsibility. Dickson holds a Bachelor of Science in Mechanical Engineering and a Master of Science in Industrial Engineering from Georgia Institute of Technology and a Master's in Business Administration from Northwestern University.
