### If I Had a Hammer

Featuring solid copper or stainless steel construction in a range of distinctive shapes, the Specialty Collection from Elkay now includes an "antique hammered" copper finish. Made from recycled copper, each handcrafted sink sports a one-of-a-kind hammered pattern. Like a treasured antique,

the sinks boast a patina finish that will continue to darken with age. Gourmet™ double-bowl curved apron-front farmhouse sink with antique copper hammered finish (item number: ECUF3319ACH): Elkay, (630) 572-3192; or visit [www.elkayusa.com](http://www.elkayusa.com).

### Water Works

Bring turn-of-the-century charm to your bathroom sink with the vintage-inspired Carmel faucet, made by California Faucets. Featuring traditional porcelain hot and cold buttons, the faucets are shown in a rustic, weathered copper finish. With more than 25 styles and more than 30 decorative finishes, California Faucets' Custom Faucetry allows home renovators the option of combining any spout with any handle in any finish, thereby creating a unique design. Standard Carmel in weathered copper finish (item number 6102-WCO standard): California Faucets, (800) 822-8855; or visit [www.calfaucets.com](http://www.calfaucets.com).
