

The Wilson Times

Some things just can't be wrapped!

Surprise your family with room makeovers! Remodeling is very popular right now, with the master bath and kitchen getting the most attention.

It's not too late to freshen up the powder room or guest bath for Christmas. Custom vanities are as stunning as they are simple to install. Specialty items such as vessels or wading pool sinks with novelty faucets are great eye catchers.

Decorative accessories such as robe hooks, towel bars and rings are beautiful finishing touches. Ihrie Supply carries many lines of decorative fixtures and faucets such as Kohler, MOEN, Delta, Elkay, Jaclo and Cucina. We specialize in custom projects with products from Kallista, Legacy Brass and

California Faucets.

Ihrie Supply Company is open Monday through Friday from 8 a.m. to 5 p.m. Appointments are recommended. For a virtual tour, go to: www.ihriesupply.com.
