**NEW ELKAY® SINK OFFERS "SHELF HELP"**  
***New Mystic® Features Break-Through Removable Stainless Steel Shelf Design***

---

OAK BROOK, IL – May 2007 – Elkay combined the imagination of its customers, the inspiration of its designers and innovation of its product development team to create this new addition to the Mystic sink family. New Mystic model (MYSTIC3021BG) maintains the signature elements of the Elkay Mystic sinks with its contemporary, naturally flowing shape and organic feel, while also incorporating new design facets. Emulating an oversized rectangular shape, the new Mystic incorporates a gentle wave in one corner, providing the perfect place to pair an Elkay single-mount, contemporary faucet.

The new single bowl Elkay Mystic sink features a truly innovative design with its removable, heavy-duty, 12-gauge thick stainless work surface shelf, which is suspended on three sides by a unique bi-level bowl created to receive the shelf without clips or stanchions. This Mystic's original design allows the homeowner to enjoy the attractive, large single bowl style they desire, while the removable shelf enhances the sink's functionality, by providing an added work surface. The shelf itself enjoys a creative surface design featuring a pattern of repeating circles, adding to the contemporary geometry of the overall aesthetic.

This Elkay Mystic is made from thick, durable 18-gauge steel and comes with an 8-inch deep bowl, which is an ergonomically friendly depth for a primary

kitchen sink. This off-set drain sink includes the stainless work grid and features a lustrous satin finish that will maintain its look for years to come. In addition, all Elkay sinks feature a fully undercoated bottom for superior sound dampening capabilities. The MSRP price for this new Mystic sink is \$1,100.

For more than 87 years, Elkay has been an innovative manufacturer of stainless steel sinks, water coolers, drinking fountains and faucets for residential and commercial use. Elkay, which is ranked 40th in *Crain's Chicago Business* list of Chicago's Largest Privately-Held Companies, has more than 4,000 employees in facilities across the United States and select international markets. In 2006, Elkay was honored as a Merit Award winner in *Interior Design* magazine's "Best of the Year" awards for an Avado series sink design.

Headquartered in Oak Brook, IL, Elkay is also the parent company of E.B. Tecnica Mexicana<sup>®</sup>, Elkay Canada<sup>®</sup>, Phylrich<sup>®</sup> International, as well as Yorktowne<sup>®</sup> Cabinetry, Medallion<sup>®</sup> Cabinetry and MasterCraft<sup>®</sup> Cabinetry. The Elkay Manufacturing Cabinetry Division is the fourth largest cabinet manufacturer in the U.S.
