*The Mystic® Martini Sink Brings Out the Entertainer in “Olive” Us*

OAK BROOK, IL – July 2008 –Today’s homeowners are showcasing inventive, one-of-a-kind designs in their bar or entertaining areas, as evidenced by the creative use of light, shape and texture in both hard and soft goods. In the spirit of individualistic expression, Elkay is offering a new way to shake up the hospitality area with the introduction of the Martini sink, the latest addition to The Mystic sink collection. The chic sink design blends clean lines and soft curves to emulate the spirited shape of a martini glass, the iconic symbol for any modern social gathering.

The Mystic Martini (MYSTIC2221) is guaranteed to bring out the entertainer in everyone, as this undermount sink can easily be installed to a 27-inch base cabinet, and its Lustrous Satin finish pairs superbly with many Elkay faucets. Homeowners can create the ultimate entertainment experience by selecting a unique location for the sink in their home ranging from an island to peninsula to a stand-alone bar.

All Elkay Mystic sinks are made with thick 18-gauge stainless steel, featuring Elkay’s signature heavy-duty Sound Guard® system which dampens sound and prevents condensation. This sink has an overall length of 22 inches at its widest point, a width of 20 ½ inches from front to back and a sloping bowl depth of 5 ½ inches. The MSRP price for the new Mystic sink model is \$990.
