ELKAY® KITCHEN/BATH INDUSTRY SHOW 2008 BOOTH ELEMENTS REFLECT TODAY'S HOTTEST TRENDS

OAK BROOK, IL – April 2008 – With inspired design styles that balance form and function, Elkay's 2008 Kitchen/Bath Industry Show (K/BIS) exhibit showcased 11 vignette displays featuring Elkay's newest sink and faucet fixtures. Elkay thoughtfully paired each product with coordinating cabinets, countertops, tile and backsplashes that reflect the products' particular design style and geometry. These materials reflect specific product preferences for today's high-end kitchen and bath environments, including distressed and minimized cabinetry finishes, glass tile in a variety of geometric shapes and patterns, tinted concrete, numerous solid surface options in both bright and clean choices, honed granite and stone tiles.

***Echo™*: Inspired by enduring art and landmark architecture, Echo sinks evoke a cultural charm, complementing homes with historic character.**
