**CATCH THE WAVE WITH ELKAY'S WAVY WIRE**

*Elkay Introduces New Wavy Wire Sink Accessories*

OAK BROOK, IL – April 2006 – Boring baskets are now a thing of the past, as Elkay is introducing a new collection of wavy wire rinse baskets, bottom grids and other sink accessories. Featuring a contemporary wavy pattern design, Elkay's new wavy wire sink accessories incorporate both style and functionality for the homeowner.

Elkay's wavy wire rinse baskets (LKWRB1418SS) and accessories will help to improve productivity in the sink area by maximizing the sink's work space. For instance, bottom grids are a highly functional accessory, as they raise items placed in the sink, allowing water to easily flow into the drain for faster, more sanitary drying. The bottom grid also protects the finish on the bottom of the sink.

Every rinse basket and bottom grid is custom designed to fit the shape and geometry of the Elkay sink bowl they are being placed inside. In addition all rinse baskets come with a coordinating plate rack, and a utensil caddy is also available from Elkay. All of the Elkay wavy wire elements are made from a non-corrosive, heavy-gauge stainless steel with a bright, polished finish. The functionality and durability paired with the eye-catching wavy wire design make these accessories the perfect complement to any Elkay sink.

Elkay is America's number one selling stainless steel sink company. For more
