Glass Chips Reflect Distinctive Shape and Colors

Silhouette is the new tessera glass shape from Hirsch Glass Corp. The reverse hourglass form, designed by Michael Golden, is created using an Artisan process to blend multiple colors of glass. This process creates a natural dimensional swirl inside every chip. Silhouette is manufactured in 26 colorations, with recycled content ranging from 30% to 100% depending upon the coloration.

Patterns Applied to Stainless Sinks

Elkay has created its Statement sink Program, which provides homeowners with a made-to-order kitchen or bath stainless steel sink, with an etched pattern on the back wall or around the perimeter of the sink. Twelve distinctive patterns can be applied to a wide variety of the company's undermount sinks, providing more than 100 combinations. Shown is the Bamboo pattern on the round bath sink.
