AND BATH IDEAS

KitchenBathIdeas.com

Beautiful—and Safe

This dated green-and-yellow kitchen is redesigned at two budget levels for safety, efficiency, and style.

Beverly Staal, a certified kitchen and bath designer (CKD/CBD), designs for Showplace Design & Remodeling (showplaceinc.com) in Redmond, Washington.

No matter the size or the budget, good space planning is the way to get a kitchen that functions correctly.

—BEVERLY STAAL, CKD/CBD

the problems

- **INADEQUATE LANDING SPACE**
With the refrigerator and range located side by side, there's no room for landing space around either appliance.
- **OUTDATED CABINETRY**
The cabinets have many layers of paint, and the colors are outdated. The cabinets also lack adequate storage.
- **INSUFFICIENT LIGHTING**
The single light fixture, which is centered on the ceiling, doesn't provide direct overhead lighting for cooks working at either of the counters.
- **INEFFICIENT LAYOUT**
When open, the fridge and range doors block traffic through the doorway to another room, and already-short stretches of work surface are awkwardly divided by a partial wall.
- **NO VENTILATION**
The kitchen lacks over-the-range ventilation, raising health and safety concerns.

Value

the solutions

▪ ADD LANDING SPACE

Countertops around the range and refrigerator provide landing and work space, adding safety and allowing more than one person to work in the kitchen at the same time.

▪ UPDATE CABINETRY

Stained Shaker-style European cabinetry surrounds new stainless-steel appliances for an updated look. Base drawers feature full-extension glides, offering storage and accessibility.

▪ LIGHT IT UP

Ceiling can lights and undercabinet task lighting illuminate the work core. A decorative pendant over the table adds ambiance and a splash of color.

▪ PULL UP A CHAIR

Removing a wall adds enough space for a casual eating area with seating for two.

▪ ADD SAFETY IN STYLE

A concealed ventilation hood over the range features a decorative panel cover, providing both safety and style.

TOTAL

\$26,195

prices are estimates, excluding installation

Custom

the solutions

■ UPGRADE APPLIANCES

A glass-front refrigerator, pro-style range, and concealed dishwasher offer an integrated, high-end appearance.

■ ADD DECORATIVE DETAILS

Glazed, solid-wood cabinetry in an elegant furniture finish provides custom appeal. Decorative stainless-steel pulls and aluminum legs complete the look.

■ STREAMLINE THE SURFACES

The granite-tile countertop is replaced with slab granite for a seamless look.

■ LET IT SHINE

The eating area's table top is clad in flamed copper that sparkles under a red pendant light.

■ CREATE A FOCAL POINT

A strip of flamed copper on the panel concealing the ventilation hood adds luxurious eye appeal and visually connects to the backsplash below.
